

**P. N. PRACTICAL SIDE CORSETS****Some of Their Good Points**

The extra side-pieces make the breaking of the Corset impossible. These side-pieces can be removed from the pockets wherever they are set and reversed from time to time, insuring permanent shapeliness to the Corset and adding to its lease of service. If a lady wishes ease in reclining the side-pieces may be removed and replaced at pleasure. The cork steel protectors, used in all P. N. Corsets, will keep the front steel from breaking and rusting. We recommend the Practical Side Corsets for stout people, Price \$1.00 per pair. No. 743, a new model for the average figure, \$1.00 per pair.
